

Word to Pastors Richard and Marcy, April 2013
Through Bill Norton

The Lord says God spoke to Abraham, I am your shield and I am your exceeding great reward and there is going to come a season of reward because the Lord says the enemy is going to have to give up treasures that he has stolen and put up bars of gates of brass in this region for generations. God is going to cause stolen treasures to be restored to his people and the season of reward will be upon you for I am a rewarder of those that diligently seek Me. And the Lord says there will be those that are sprinters but fall out of the race because they don't have the stamina and the endurance, but I haven't called you to sprint, but I have made you for the marathon says the Lord and I have made you to birth something that will fly higher in the next generation and then in the following generation because God is digging deep to the hardpan of covenant where there will be no sand of circumstance, no sand of just mood swings that people call the spirit of the Lord. God says there is going to be covenant and a pure river flowing from the throne because God says out of this region and out of San Francisco something major is going to break in the spirit world. Something major is going to break in the spirit world. I'm going to defy the logic of man, I'm going to break the strategies of the ungodly because the Lord says there is a pure river as clear as crystal that is going to flow out of this ministry, flow out of San Francisco, flow into many other communities so God says I've dug deep and I'm digging deeper that this will not be a water pipe, but will be an underground cistern says the Lord. Ah, subterranean rivers that will go far to the nations. And God says, I will raise up, and I will send out, and I will fill back and I will send out again because God says, as long as you keep things under My Lordship, and do not hold tight, but be open handed, God says I will bless all that you put your hands to, and the Lord will give strength when there is no more strength so that you cannot live in your strength but in Ps. 27, that I am your strength but God says unusual reward is at hand and God is going to cause the enemy to let go of treasures because God says I give increase. One waters and one sows, but I give increase and there is increase coming, says the Lord and there is decrease coming to the enemy's footholds, strongholds and strangleholds in the region and abating of the powers of darkness, like the waters abated in the days of Noah, there's an abating going on, an abating going on in the spirit world. Some people will drive through this area eventually and say, how light it is in the spirit. There will come a season of rest and your whole insides will relax saith the Lord, for I am going to lift the strain and the stress. I'll be a haven of rest and a refuge to you both
